

**KCP-610 Foamcore Fork**

Four pointed steel pins with black powder coated to mount foam core and comes with a 5/8" baby stud. Designed to stab it into the side of foam core and may mount it on a stand, grip head or Convi clamp.

Weight: 0.4kg (0.88 lbs)

**KCP-611 Foamcore Clamp**

U-shaped steel holder with black powder coated to mount foam core and comes with a dia. 10mm chrome plated steel stud to connect with grip head. Two spike pins are attached with strings for securely fixed the foam core through the holes drilled on the both sides and the bottom of holders.

Weight: 0.5kg (1.76 lbs)

**KCP-614 Adjustable Poly Holder**

Adjustable poly holder is made by lightweight aluminum central tube and two durable extendable steel holders with anti-reflection black powder coating. This is designed for any thickness of polyboard, or foamcore sheets from 91cm (3 ft) to 156cm (5 ft). The extendable clip equipped in the end of each holder is used to hold a polyboard parallel to the floor while the poly holder is in a vertical position. The central aluminum tube comes with a 14.5cm length steel baby pin with milled flat on one side for mounting on C-stand through grip head KCP-200 securely. U-shaped handle is also fixed on the central tube to make it easy for moving or adjusting the angle of poly holder.

Weight: 2.5 kg (5.5lbs)
