KD-B126P Kupole Base

The Kupole base is designed to convert Kupole to conventional stand whenever the ceiling is higher than 12' (3.6M) or a free-standing background is needed. The center base accepts 45mm diameter tubes. Leg diameter: 22mm with 49.6(126cm) footprint. Just remove the bottom rubber cover, slide on tripod base then replace the cover.

With Kupole

KD-R48P Kupole Disc Base

This is a sturdy 19" (48.3 cm) diameter and weight 12KG round metal base for Kupole. Use them for a clean streamlined look and ideal for visual merchandizing or displays.

With Kupole

KD-C50P Kupole Suspended Ceiling Adapter

Designed for connecting Kupole from a drop ceiling frame with the equipped adapter.

KD-T50P Kupole Adapter

weight: 0.55KG
Fits tube size from 48-51mm OD.
It connects the Kupole with the Truss

Assembling Kupo background support accessories with Kuploes and Convi. clamps can easily create your own background system for shooting without any tool. It is very simple, reliable and flexible to meet you requirements of paper roll background system in the studio or on location shooting.

KP-DS01 Background Paper Drive set

Kupo Background paper drive set is a pair of adapters that expand and lock securely inside the core of roll of seamless paper. One adapter has a plastic cog that accepts a plastic drive chain so that you can adjust the length of your background comfortably and a tension control so the background doesn't unroll by itself due to gravity. The flexibility of this adapter can fit to 46mm~78mm dia. tube size. (The plastic chain and chain weight are included)

KP-KS01 Single hooks

The hook set is designed for paper drive set holder which connects with a pair of Convi clamps, and a set of paper drive set. (Set for two)

KP-KS02 Triple hooks

The same function as KP-KS01 but can accept three paper drive sets to support three rolls of seamless paper. It can also be mounted on a wall with screws or bolted to a pair of Convi Clamps. (Set for two)

KP-KS03B Plastic chain w/ 3.5M length (Black)
KP-KS03O Plastic chain w/ 3.5M length (Orange)

KP-KS03W Plastic chain w/3.5M length (White)
KP-KS03BL Plastic chain w/ 3.5M length (Blue)

Plastic Background Driving Set Chain is a replacement plastic chain with 3.5M (137") length for the background paper Drive Set. Different colors of chains are designed for easy color identification of different color paper rolls which are used on the Triple hooks. There are four colors included Black, White, Orange and Blue available.

KP-X245P Aluminum tube

The Background Aluminum Tube is equipped with an aluminum solid core which allows you to assemble two sections of the tube quickly and securely with Allen key. The aluminum tube is designed for sliding into the seamless paper roll to connect between paper drive set and paper roll to prevent paper roll being bent because of gravity. The tube size is dia.50mm with 2.75M (9') length.

Tube in the paper roll

KP-KS05 Background baby hook

The hook is built by sturdy steel with anti-reflection black painting. This is designed to attach background paper drive set on the hook and easily connect a 16mm (5/8") stud on the top riser of a light stand. The unique design of 28mm OD can be also inserted into 28mm receiver after removing the knobs for the universal top head. In addition to the background paper drive set, the V shape hook can also accept the pipe size from 19~25 mm as the axis for supporting the paper roll.

223K Background Paper Stand Set

Ideal for easy set up a background paper or any other background material with compact size kit. The set is included a 3-section telescoping pole designed for support paper rolls up to 9' in width. The pole length is adjustable from 112 cm (44") to 298 cm (117.3") for better storage and transportation. Also each end of the telescopic pole is equipped with a universal female tap which fits most standard light stands.

Two Midi Pro aluminum stand are included for extending upto 250cm (98.4"). With 86cm (33.9") closed length and 1.3 KG (2.87 lbs) weight, it is ideal for traveling with telescoping pole in the carrying bag. Meanwhile, two spring Ali clamps are included to hold the background in place.

Loading weight: 10 KG (22 lbs)

Weight: 4.5 KG (9.9 lbs)

The kit including:

- 3 Section Aluminum Telescopic Pole x 1 PC
- Midi Pro aluminum Stand x 2 PCS (023)
- Mini Spring Ali Clamp x 2 PCS (KCP-350B)
- Carrying Bag x 1 PC
